

WILL HISTORY REPEAT ITSELF ?

In 2007, will Mike and Tony once again realize they made another giant contract blunder? Will they re-negotiate and sign away this ACRE contract like the one they negotiated in 1999? It provided our membership with the two-tier Vanguard pension? Not to worry, only our careers and the future of every union employee hired by the MTA is at stake. The consequences will be drastic. Mark your ballots very carefully. The job you save, may be your own.
