

Life at MTAcre

Our ACRE union is Going "THEIR" Way
A little each day, ACRE officers sign the store away

We are headed towards an 8 hour day
Did you sign up for the PAC fund today

ACRE members just work and pay
While ACRE officers go out and play

We make up our own rules- that's ok
We really don't care what our members have to say

Zero's in the contract are coming our way
Didn't sign up for the PAC fund- what's the delay

Our officers are bankrolled by the MTA
We turn on any members who have something to say

Our union is broke- you really don't say
Finally joined the PAC fund- a big hurray

Virgil's in our pocket- we like to say
In Reality- it is the other way

No one can ever see ACRE's books
Members may discover we are a bunch of crooks

ACRE elections are a big joke
Mike calls and tells the membership how to vote

After years of mistrust- What would Mike have to say
To turn Engel and the Bluebirds his way

Concessions and givebacks are here to stay
Without them ACRE officers would loose their pay

We now look out for the interests of the MTA
We convince our membership to look the other way

We need more members to increase our pay
Become an ACRE member and make our day

As ACRE officers we would like to stay
But it's time to go to our New Hampshire Hide-away

Wait, were are you going- Don't walk away
We need you to keep ACRE going Mike & Tony's way

Now that you read this- what do you say
Continue supporting the ACRE- No Fcking way

U are the only thing keeping the ACRE alive
Wake up and discover the true spirit of **MTAcre**
